Accreditation and Credit Designation

The California Society of Anesthesiologists is accredited by the Accreditation Council for continuing Medical Education to provide continuing medical education to physicians.

The California Society of Anesthesiologists designates this live activity for a maximum of 25 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Maintenance of Certification in Anesthesiology Program (MOCA)

Maintenance of Certification in Anesthesiology Program[®] and MOCA[®] are registered certification marks of The American Board of Anesthesiology[®]

This activity contributes to the patient safety CME requirement for the CME component of the American Board of Anesthesiology's (ABA) redesigned Maintenance of Certification in Anesthesiology[®] (MOCA[®]) program, known as MOCA 2.0[®]. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements. This activity is certified for 15 MOCA units.

Look for the asterisk (*) to designate a MOCA lecture.

The CSA Education Planning Division also reviewed the syllabus and disclosures related to this education activity.

Learning Objectives

At the conclusion of this activity, participants will be able to:

1. Develop a plan or protocol within their practice location to optimize the evaluation and care of the patient having a cesarean delivery.
2. Describe regional anesthesia techniques that would be applicable to their practice and case type.
3. Demonstrate familiarity with the new ASA Difficult airway guidelines for patients with normal and anticipated difficult airways.
4. Discuss why and how neurologic complications in obstetric patients differs from non-obstetric surgical cases.
5. Diagnose sepsis and initiate treatments based on current guidelines.
6. Employ latest scientific evidence on lung protective ventilation in their daily practices.

7. Utilize best practices for Non-Operating Room Anesthesia locations for complexities and quality improvement.
