

Managing Anaphylaxis & Other Perioperative Crises

Target Audience

Consultant anaesthetists and provisional fellows.
GP's with advanced specialists training (AST) in anaesthesia
Experienced anaesthetic nurses/ technicians. (Anaesthetists are encouraged to attend with a nurse from their place of work)

CPD

The course is a recognised emergency response activity in ANZCA's CPD program:-

- Anaphylaxis
- Cardiac Arrest

The course also provides 16 CPD points (8 hours) in the "Knowledge & Skills/Short Courses" category

Description

Aims

This course aims to update the participants' knowledge of and ability to manage a variety of anaphylaxis and anaphylaxis-like presentations while simultaneously developing generic crisis management skills applicable to emergency situations in anaesthetic practice.

Facilitation

The course will be facilitated by both a simulation/human factors expert and an anaphylaxis content expert from ANZAAG

Topics covered:-

1. Recognition and initial management of anaphylaxis cases
2. Differential diagnoses and other considerations in refractory anaphylaxis presentations
3. Human factors and the application of Crisis Resource Management principles during management of these events
4. An update on CPR, Advanced Life Support and dysrhythmia management

Training Methods

(See our website: [Training/Before Training](#))

- Immersive scenarios with reflective debriefing
- Hands-on Skills Workshops
- Pause & discuss scenarios
- Video and case-based learning exercises

Maximum Participants

Maximum 8 doctors and 4 nurses per course.

Course Duration

1 day course (0800 – 1700 hours)

Course Dates 2024

1st Course – 30th April

2nd Course – 1st October
