COMMUNICATE EFFECTIVELY

Be Heard

Learn Skills to Connect Better
with different personalities

1-Day Communications Essentials Course

12th July 2021

CoWork ME,
245 St Kilda Rd
St Kilda, Melbourne

Are you struggling to be heard by other people, whether in meetings or in discussions? Do you find it challenging to connect with certain personalities?

Being heard, building better relationships and forging stronger connections is essential in any environment. Communication Essentials is the right tool to help you achieve your goals.

Communication Essentials is an evidence based communication model, developed in the United States following decades of research, and used by NASA for astronaut selection, politicians during campaigns, and organisations around the world wanting to build effective high-performing teams.

Communication Essentials will teach you the skills to assess and connect with different personalities. You will learn the behavioural cues of different personalities, and the preferred communication style for each type. This will hone your communication skills, and allow you to get your message across effectively, while building better connections.

After the seminar, you will have the skills to:

- Observe and decode behaviour of self and others
- Understand the different communication styles that each personality prefers
- Be a dynamic leader and person by communicating effectively

Note: Gain CPD credits - PCM is accredited by various colleges for CPD credits
