AUSTRALIA					
NSW	Royal North Shore Hospital	Dr Alice Summons	a.summons@bigpond.com		Does not offer any sub specialty fellowships. All trainees expected to have a high level of RA skills with training provided throughout their 4 years.
NSW	Liverpool Hospital, Sydney	Dr Alwin Chuan	dr.chuan@iin.net.au		2 x Provisional Fellowships in RA; placement at Liverpool with regular rotation to Fairfield Hospital. Each position is for 12 months with required regular participation in teach junior registrars with in-department workshops and presentations. Research opportunities available.
NSW	Lismore Base Hospital	Dr Andrew Peart	andrew_peart@hotmail.com		1 x 12 month FTE Provisional Fellowship in RA. Expect first part of year to be rostered as trainee on to lists, progressing into consultant role and teaching junior trainees to ensure their knowledge and skills are extended. Fellow is expected to be involved as a facilitator in simulation lab monthly sessions.
QLD	The Gold Coast University Hospital	Dr Craig Daniel	drcad75@hotmail.com	0405 746 941	Currently offering a RA Fellowship with 2017 position filled. Affiliation with Australian Institute of Ultrasound (AIU)
QLD	Cairns and Townsville Hospitals	Dr Andy Potter	andrew.potter@health.qld.gov.au		Active in RA in Cairns with majority of RA training undertaken individually at bedside plus group tutorials are run after-hours using this linked workbook as a framework. http://cairnsanaesthesia.org/page8/page8.html Also provide a regional anaesthesia provisional fellowship position that has approval from ANZCA (Position ID PF0094). Job description can be provided on request though 2017 position has been filled.
QLD	The Townsville Hospital	Dr Mark Fairley	mark.fairley@health.qld.gov.au		The Townsville Hospital Dept of Anaesthetics is offering an " Ultrasound use in Anaesthesia" fellowship in 2017. This is not a pure regional fellowship but includes ultrasound guided regional anaesthesia along with other uses of ultrasound including trans thoracic echo, vascular, lung, airway, trauma etc. It is a 12 month fellowship for trainees post exam.
QLD	Gold Coast University Hospital	Dr Simon Pattullo	simon.pattullo@health.qld.gov.au		Hoping to develop a RA Fellowship in 2017
QLD	Gold Coast University Hospital	Dr Tim Hodgson	timhodg@hotmail.com		RA training incorporated with formal training sessions as part of primary and Part 2 teaching as well as in-theatre teaching from various interested consultants.
QLD	Royal Brisbane & Women's Hospital	Luke Heywood (RA Lead) James Johnson (Regional Special Interest) Katherine Hames (Training Supervisor / Junior Staff appointments)	Luke.Heywood@health.qld.gov.au James.Johnson@health.qld.gov.au Katherine.Hames@health.qld.gov.au		At the Royal Brisbane & Women's Hospital we have a dedicated block/ line room (The Green Room) that is staffed for 10 sessions a week. Regional Anaesthesia training for registrars is provided throughout training but each trainee passing through the RBWH will be given a specific attachment of 3 months to an acute pain/ regional anaesthesia term. The roster template and description of the term is available on request from Maxine Wade - mwade@asa.org.au or phone (02) 8556 9726
SA	Flinders University School of Medicine	Dr David McLeod	davidmcleod@internode.on.net		2 x 6 month provisional RA Fellowship; can be combined with other 4 or 6 month fellowships (Cardiac/Hepatobiliary/Obstetric or Simulation) to make up the 1 year position.
SA	The Royal Adelaide Hospital	Dr Nicholas Knight - RA Fellowship supervisor; clinical fundamentals supervisor for regional and local anaesthesia	nickknight@doctors.net.uk		The regional fellowship comprises of one Provisional Fellow (as per ANZCA training) for a 6 month term starting in February and August (dates as per normal hospital training year). RAH provides many lists/cases appropriate for RA and the regional fellow will be allocated to these, as well as other lists. The fellow will run RAH's Regional Anaesthesia Audit and also run regular RA tutorials for trainees. The fellow will also be expected to present at departmental and local meetings. Job description available on request. The RAH does not currently advertise the Regional Anaesthesia PFY position separately, but rather as one of a number of PFY positions. Trainees interested in doing the Regional Anaesthesia PFY will need to apply for and be successful in getting one of these positions. Applicants are asked to rank their preferred PFY specialties/positions and preference is given to the highest ranked individual after the application process.
SA	The Royal Adelaide Hospital	Dr Kate Drummond - Staff Specialist Anaesthesia	kate.drummond@sa.gov.au		Please contact Maxine Wade on mwade@asa.org.au for a copy of the Position Description and Program
SA	Flinders Medical Centre	Dr Ivan Ward	ivan.ward@sa.gov.au		6 month Provisional Fellowship that can be combined with one of 4 other 6 month Fellowships to make up a 1 year position (cardiac, hepatobiliary, obstetric or simulation). Job description and application form from Dr Ward
SA	Flinders Medical Centre	Dr David McLeod	davidmcleod@internode.on.net		2 x 6 month Fellowships
VIC	Northeast Health Wangaratta	Dr Peter Hebbard	p.hebbard@bigpond.com		No formal Fellowship or training program; only trainees for 3 months duration.
VIC	University Hospital Geelong	Dr Andrew Jones	andrew.jones@barwonhealth.org.au		Currently offers 2 Fellowships in RA and Acute Pain as a 2x12 month regional andn general fellowship. Both Fellows are rostered to RA year round with 6 months of first priority access to the lists. Expected to teach junior registrars in RA basics. Audit/research output is expected during the year's progression.
WA	Sir Charles Gairdner Hospital	Dr Christopher Mitchell	mitchwa@gmail.com		4 x RA Fellowships annually; 6 months RA combined with 6 months general fellowship
