Membership Type

Membership is of two types and complimentary; please indicate the type applied for:

General membership: (open to all medical specialties)

Please indicate your affiliation/s:

Fellow of ANZCA

Ordinary member of ASA

Ordinary member of NZSA

Fellow/member of other medical specialty (please specify _____)

Please note: As Special Interest Groups (SIGs) are managed by ACE (a tripartite of ANZCA, ASA and the NZSA), as a SIG member you may receive information from all three organisations.

Associate SIG membership

Associate membership is open to non-medical specialists who are not eligible for general SIG membership. This may include associate members of the ASA and NZSA and / or allied health professionals. Associate membership requires endorsement from the relevant SIG executive committee.
